Subscription \$1.00 per year.
Refunded with \$10 purchase

March 1951

JAMES KELLY

3rd and Broadway
DAYTON 7, OHIO

Vol. 4 - 3

Not only is love in bloom and the birdies are singing, but Spring brings an increased interest among collectors (maybe because Income Tax is over). This year there will be many fine State and sectional meetings of which I hope to attend as many as possible.

I will be at the California State meeting April 6-8 where I will help my very good friend, Mr. Wittlin with the auction sale. Sorry I have to miss the Ohio State meeting in Toledo on the same date. Can't miss all the Ohio meetings, so will get to Cleveland April 21-22 for the Ohio-Penn meeting. There is considerable new blood and enthusiasm here in this organization and I expect a swell time. From there will go to the "Big City" for a week to attend Hans Schulman's sale and will be more than glad to talk business with any of the Eastern collectors during this trip. Will be at the Park Sheraton Hotel April 24th to the 29th. Give me a ring!

Recently returned from Reading, Pennsylvania where I was guest speaker at the Club meeting. This is quite an active group. The highlight of this trip was my bringing back the very fine collection of Mr. George L. Young for the A. N. A. Sale.

Yes, I travel extensively; have to in order to supply my customers with material needed. Will call on you if business warrants the trip.

ILLINOIS (LINCOLN) HALF DOLLAR

In 1918, the State of Illinois celebrated its 100th anniversary of statehood, and a special half-dollar was issued to mark the event. Nothing could have been more fitting than to honor its martyred President, Abraham Lincoln, and the portrait appearing on the coin represents him as a young man of twenty-one, his age when he took up citizenship in that State.

Congress, in authorizing these half-dollars, specified that they "are to be of the same weight, fineness and legal tender quality as the current half-dollars, and the United States Government will not be put to any expense for making the dies or other preparations for their coinage. The designs are to be fixed by the Director of the Mint with the approval of the Secretary of the Treasury."

Obverse: Bust of Lincoln; surrounding, "Centennial of the State of Illinois"; below, "1918"; in field behind head, "In God We Trust"; in front, "Liberty."

Reverse: Eagle with upraised wings, standing partly on a rock and partly on the Shield of the United States; in the beak of the eagle is a ribbon with the state's motto, "State Sovereignty, National Union," in the field, a rising sun and "E Pluribus Unum"; near edge, "United States of America"; below, "Half Dollar."

This coin was designed by George T. Morgan of the Mint. 100,058 pieces were struck...and all were distributed among the different counties of the State, in proportion to their population and on condition they be sold at a premium and the profit used for some form of war relief.

This is the first state with a coin for this purpose, and the coin is classed as the most beautiful of all our commemoratives. None have been returned to the Mint for redemption.

COINS WITH BIBLE NARRATIVE

JEWELRY BY THE SHEKEL WEIGHT

A few years after the death of Sarah, mother of Isaac, Abraham began to worry lest his son Isaac might marry a young woman from among the Canaanites where he and his son lived. So he sent his most trusted servant back to Mesopotamia, to his own and Sarah's people, to find a wife for Isaac.

The old servant found her --- Rebekah; he met her as he was approaching the city of Nahor (Haran). She had come to the city well to draw water. He gave her presents, thereby winning favor--she liked his gifts! They were made of gold - "a gold earring of half a shekel's weight, and two bracelets for her hands of ten shekel's weight." (Gen. 24:22) Jewelry! --that was money, too. We have learned that a shekel's weight of silver was worth 54.74 cents in United States money. Now we ask, "How much was a shekel weight of gold worth?" A shekel of gold was worth \$8.76.

Rebekah went with Abraham's servant to Canaan, and became the wife of Isaac. To them were born history's first twins, Jacob and Esau.

EGYPTIAN RING MONEY

One day, after Jacob had become the father of twelve sons and one daughter, we find nine of the older sons slyly, secretly, unbeknown to their father Jacob, selling their next-to-youngest brother, selling him because they were jealous of him and wished to be rid of him:

"Then there passed by Midianites merchantmen; and they....sold Joseph to the Ishmeelites for twenty pieces of silver: and they brought Joseph into Egypt." (Gen. 37:28)

That transaction was made with Egyptian money, which is thought to have been flat rings of silver. In silver value of United States money, it is estimated that Joseph was sold for \$11.28. If the money was equally divided among Joseph's nine older brothers (that is, leaving Reuben out for he tried to save Joseph and he grieved when this was done, so it is not probable that he shared in the money), each received a bit more than \$1.25 in United States money. \$1.25 for selling their younger brother Joseph, son of Jacob and Rachel, into slavery! That was about 1729 B. C.

- Florence A. Banks

"Cancel that mink coat order, Mr. Glutz just received Kelly's COINS AND CHATTER."

COINS WITH BIBLE NARRATIVE

* * *

THE FIRST TALENT WEIGHT IN THE BIBLE

Almost any thoughtful Bible student - especially if he is also a student of numismatics - when he strolls along the Via Sacra of Rome for the first time, and looks upon the Arch of Titus, thinks of the first talent weight mentioned in the Bible.

When the Israelites were in the Sinai country on their way to the Promised Land, and Moses, about 1491 B. C. received the divine instructions for the furnishing of the Tabernacle, it was specified that the gold candlestick and its appurtenances were to contain gold to the value of one talent.

After the death of Titus, the emperor Domitian, his younger brother, erected that arch in honor of Titus; it was to commemorate his taking of Jerusalem. On one side, and across the upper portion, is the scene of captive Jews being compelled to carry the precious furnishings of their Temple of Herod. Whether or not the golden candlestick of that time had exactly the same weight of gold as the one made for the ancient Tabernacle, we cannot know, but it probably did.

When we consult the Oxford, Teacher's Edition of the Bible, and learn that a talent of gold was worth \$26,280.00, we are not at all surprised that Titus included it in the loot. We find that first mention of the talent in this verse regarding the candlestick:

"Of a talent of pure gold shall he make it, with all these vessels." (Ex.25:39)

With what careful precision the Israelites, descendants of the twelve sons of Israel (Jacob), when on that journey from Egypt to the Promised Land, valued all the furnishings of their Tabernacle! In 1490 B.C. Moses had set up the Tabernacle, and we find each of the twelve tribes bringing their carefully valued offering:

"And he that offered his offering the first day was Nahshon the son of Aminadab, of the tribe of Judah: and his offering was one silver charger, the weight thereof was an hundred and thirty shekels, one silver bowl of seventy shekels...one spoon of ten shekels of gold..." (Num. 7: 12-14)

Nahshon, who is remembered as the head of the tribe of Judah - prince of the tribe of Judah, the tribe that led the tribes! Nahshon, the one at the head of that great course of tribes - 600,000 men able to go forth to war, beside women and children and men unfit for war!

COINS WITH BIBLE NARRATIVE (Continued)

Nahshon, ancestor of Jesus! (Mat.1:14) And everything that he brought, and everything that the following tribes brought, was carefully estimated to a fineness in metal value. The following approximates, but keep in mind that these values varied with time and place:

1 Silver Shekel weight 54.74 cents
1 Gold Shekel weight \$8.76
1 Silver Talent weight \$1,642.50
1 Gold Talent weight \$26,280.00 - the weight of the golden candlestick and its appurtenances.
